

it takes all of us....

to be one **Family of Raiders**

diversity

IS HAVING A SEAT AT THE TABLE.

inclusion

IS HAVING A VOICE. AND

belonging

IS HAVING THAT VOICE BE HEARD.

-LIZ FOSSLIE

Covid has taken away our sense of togetherness. This year is isolated, different, tiring... an adventure! We still find ways to push through, cope and be there to support one another.

"We want a culture that is inclusive of everyone and where everyone who joins feels they have opportunities to succeed and grow."

Nellie Borrero

Did you know there are almost 900 people in this building? We are all part of the Land of Orange. All our differences and similarities are included in that really big number to make us the Yorkton Regional High School. We are diverse. We are different. We all belong.

We can't see what we look like as a whole school body right now... but we sure can on paper.

We will create one, collaborative piece of artwork to show you... how individually, we come together as one.

Adults and students.... ALL of us.... Make your mark in the land of orange with your your doodles, your sayings, your words, your names.
